Foundation to Sell Nixon Law Office

LA HABRA, Calif., June 9 (AP)—The foundation that bought former President Nixon's first law office for a historical monument is running out of the building.

George Rochester, president of Nixon Law Foundation, Inc., said Watergate dried up contributions "so we have to sell. We just don't have the money to keep it up and finish paying for it."

The foundation is trying to sell the 3,000-square-foot biulding to the local Chamber of Commerce for $25,000, the original purchase price, Rochester said.
